On the 50-yard line

By JOHN WILCHA

Eagle quarterback Ron Jaworski gives his offensive line 30 sacks per game when he goes through a game without getting sacked.

I wonder who the Garden State Bowl will get to represent the East in their bowl game this year.

Penn State and Pitt are the East's top teams, but they want Orange, Sugar and Cotton.

West Virginia is the next best team in the East, but they wouldn't be able to fill all of Giant Stadium.

There is no other team that's playing good enough football to represent the East in this year's bowl. Yale is kind of, but they are an Ivy League school and built their record on losses. Plus lives don't go to bowl games.

Mike Mikulak, a junior soccer coach here in Carbondale, is always talking about his favorite sport. Mike is really excited with the season the University of Tennessee has.

"Romnie the Roman" saying that the Big Ten will get hammered in the Rose Bowl this year. He also says today's busyweight boxing class stinks.

What followed was a career with youth that would endear the "Redhead" to legends of young people and basketball fans in Northeast Pennsylvania.

"Red began coaching his Carbondale basketball at Elk Lake in 1955. In his first year he guided his team to an 18-4 record that included a Susquehanna League championship. From that point on he made champions, winning numerous league championships and two PIAA titles.

"Red also played and coached for local professional basketball teams and was one of the first members of the University of Scranton's Wall of Fame.

"In his last year Red led his Elk Lake Warriors to an undefeated 36-0 season that climaxed with the state PIAA Class A title."

Chiefs show critics by winning second title

The Lakeland Chiefs showed their critics that it could be done.

The Chiefs racked up their 10th straight win this football season by dropping the Tunkhannock Tigers 17-6 Saturday afternoon at the Lakeland High Football field.

What makes the win Saturday especially sweet is that the Chiefs did it in the Big Eleven.

Of course, they did it last year, too — their first year in the league after being on top of the Suburban Conference for years.

But what made Saturday's win especially sweet was that there were many critics who said, before the season, that the Chiefs were just lucky last year in their first try in the Big Eleven.

Their critics, wrong and defying the sophomore jinx, the Chiefs notched their 10th straight Saturday to win both the Big Eleven title and the Eastern Conference Northern Division Class A title.

Chiefs' first quarter for both teams, but Lakeland got on the scoreboard before the half ended when Bob Hincunear the ball over from the eight-yard line.

The score finished up at 34-0 and drive which took 12 plays. Steve Domonowski added the extra point and the Chiefs were on top 7-0 at the half.

The third period was scoreless, but Domonowski ended the second half scoring drought by kicking a 31-yard field goal in the fourth quarter.

The Chiefs then scored their second touchdown of the afternoon when Glen Hickey starred an errant Tunkhannock pass and ran 20 yards for the TD.

Domonowski added the extra point via a kick and the Chiefs held a comfortable 17-0 margin in the final period.

The Tigers finally scored when quarterback John Hertz tossed a pass to Randy Vaskas for a five-yard scoring play. The two-point try failed.

Following the league finale, the Chiefs travel to Berwick on Nov. 28 for the Eastern Conference playoffs.

Spelling contests will be held in five categories: third and fourth grades, fifth and sixth grades, seventh and eighth grades, ninth and 10th grades, and 11th and 12th grades.

The Lakeland Education Association of Teachers (LEAT) is asking Lakeland residents this year to take a closer look at their public schools during American Education Week, Nov. 15-21.

"It's no longer enough simply to voice support for education or sit silently at a school open house," said Charles Hickman, president of the LEAT.

"Our schools, like those in every other community, are facing unprecedented problems."

"If we are to solve these problems and improve the quality of our schools, we need the active support of informed citizens."
